Dear Madam / Sir,

Thank you for your support.

By donating:

· you contribute to our mission: to recognize and support entrepreneurs and entrepreneurial researchers who are willing to develop solutions to significantly benefit cancer patients

· you respond to an urgent need to efficiently screen, early diagnose, predict and prognose cancer

· you help to share our expertise to researchers in order to achieve our goal: shortening the time from bench to bedside of the patient

Any questions?

Please contact our Public Relations & Communication Manager.
