

## An exclusive **BANKSY** evening, original works by **KOOL KOOR**, a particularly pleasant moment of reunion

On Tuesday 22 June 2021, the Foundation Fournier-Majoie organised an evening combining art and philanthropy.

The exhibition "**BANKSY, Genius or Vandal?!**" was privatized to offer guests the opportunity to live a multi-sensory experience in a magnificent house on the Grand-Place of Brussels and to discover many works of the most famous street-artist in the world.

After a guided tour of the exhibition, in compliance with health regulations, the guests enjoyed a pleasant cocktail reception.

On this occasion, the artist **KOOL KOOR** created and offered two works of art composed of 16 paintings each that could be purchased.

The generosity of all those present made it possible to raise more than €45,000 during this evening supporting cancer research.
